The Honorable Board of Supervisors
County of Los Angeles

500 West Temple Street
Los Angeles, CA 90012-2756

Dear Supervisors:

**ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
ALL SUPERVISORIAL DISTRICTS
4 VOTES AT HEARING**

IT IS RECOMMENDED THAT YOUR BOARD:

1. Receive and file the Annual Solid Waste Generation Service Charge Report for Fiscal Year 2004-05 (Enclosure A).
2. Set a date for a public hearing to consider and approve said Report providing for the collection of the Fiscal Year 2004-05 Solid Waste Generation Service Charge on the tax roll for each parcel of real property in the unincorporated area of the County of Los Angeles.
3. Instruct the Executive Officer-Clerk of the Board of Supervisors to advertise, in English and Spanish, the legal notice of hearing in a newspaper of general circulation on two successive weeks prior to the hearing (Enclosure B).

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the continued collection of the existing Annual Solid Waste Generation Service Charge fees on the tax roll are for the purpose of meeting operating expenses and are therefore exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the Public Resources Code.

2. Adopt the Annual Solid Waste Generation Service Charge Report for Fiscal Year 2004-05.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The proposed recommendation provides that the current Solid Waste Generation Service Charge fees continue to be collected on the tax roll in Fiscal Year 2004-2005.

State law, California Public Resources Code, Section 40000, et seq., requires the County, for the unincorporated areas, prepare a series of documents detailing/ implementing programs that would reduce the 1990 calendar year amount of waste sent to the landfills and/or transformation facilities by 25 percent by 1995 and 50 percent by the year 2000 and each year thereafter. State law also provides penalties up to \$10,000 per day on the County for failure to comply with the State's mandates. Therefore, it is essential for the County to continue its efforts to comply with requirements of the State law.

The collection of the Solid Waste Generation Service Charge fees on the tax roll remains the most cost-effective mechanism in the billing and accounting of these fees.

Implementation of County Strategic Plan

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility as the Solid Waste Generation Service Charge fees provide necessary and sufficient funds to continue our compliance efforts with respect to State law mandating waste reduction planning and implementation for the unincorporated County areas.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

In September 1991, your Board adopted an Ordinance establishing the Solid Waste Generation Service Charge fees. Revenues generated are used to provide for compliance with the State waste reduction mandates. Failure to comply with the requirements of State law may subject the County to a penalty of up to \$10,000 per day.

Currently, each parcel of real property within the County unincorporated area is assessed an annual service charge based on the number of Solid Waste Generation units. The number of Solid Waste Generation units assigned to each parcel of real property is based on the Assessor Land Use Classification. The number of units per parcel varies from zero for a vacant parcel to 50 units for auditoriums, stadiums, amphitheaters, and the like. A parcel containing a single-residential unit has been assigned one Solid Waste Generation unit.

The current annual charge of \$3.51 per Solid Waste Generation unit will remain the same for Fiscal Year 2004-2005.

California Health and Safety Code Section 5473 provides that any adopted ordinance or resolution authorizing the collection of (Solid Waste Generation Service Charge) fees on the tax roll shall remain in effect until repealed or until changes have been made in rates.

Section 5473.1 of the California Health and Safety Code requires that the notice of the filing of the Solid Waste Generation Service Charge Report and of a time and place of hearing thereon to be published once a week for two successive weeks in a newspaper of general circulation pursuant to Section 6066 of the California Government Code.

The enclosed Notice of Hearing (Enclosure B) has been reviewed and approved as to form by County Counsel.

IMPACT ON CURRENT SERVICES

The collection of service charge fees on the tax roll will provide necessary funds for the County to comply with the State waste reduction mandates and avoid imposition of penalties by the State.

NEGATIVE DECLARATION/ENVIRONMENTAL IMPACT REPORT

The collection of the existing Annual Solid Waste Generation Service Charge fees on the tax roll are for the purpose of meeting operating expenses and are therefore exempt from the California Environmental Quality Act pursuant to Section 21080(b)8 of the Public Resources Code.

Enclosure A

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ANNUAL SOLID WASTE GENERATION SERVICE CHARGE REPORT
FISCAL YEAR 2004-2005**

INTRODUCTION

The California Health and Safety Code, Section 5470, et seq., requires that if existing solid waste generation service charges are to be continued and collected on the tax roll, the clerk of the governing body of the entity shall file a report with the entity's auditor, on or prior to August 10 of each year, indicating the amounts of the charges against the respective parcels of land as they appear on the current assessment roll. This report has been prepared to fulfill said requirements.

In 1989, the State of California passed Assembly Bill 939, known as the California Integrated Waste Management Act of 1989. This Act, as amended, mandates all cities and counties in the State to prepare a series of documents detailing programs each would implement to reduce the 1990 calendar year amount of material sent to landfills and/or transformation facilities by 25 percent by 1995 and 50 percent by the year 2000 and each year thereafter. The Act also allows the State to assess penalties up to \$10,000 per day on jurisdictions that do not comply with the Act's mandates.

SOLID WASTE GENERATION SERVICE CHARGE

As a result of the AB 939 enactment, in 1991 the County of Los Angeles Board of Supervisors adopted Los Angeles County Ordinance No. 91-0119 implementing the Solid Waste Generation Service Charge. This service charge provides funds for the preparation of the County unincorporated area Source Reduction and Recycling Element, Household Hazardous Waste Element, Nondisposal Facility Element, State reporting and data gathering, and the implementation of SRRE programs, including, but not limited to, backyard composting, curbside recycling, public education, etc.

The Solid Waste Generation Service Charge Ordinance is codified in the Los Angeles County Code, Title 20, Division 4, Chapter 20.89 (Attachment I). The annual charge levied on each parcel of real property in the unincorporated County area is computed by multiplying the amount of the Solid Waste Generation Service Charge (currently \$3.51) by the number of Solid Waste Generation Units for the current land use as shown in Table A, Section 20.89.070, of the County Code.

The current annual charge of \$3.51 per Solid Waste Generation Unit will remain the same for Fiscal Year 2004-2005.

IDENTIFICATION OF PARCELS TO BE CHARGED

All improved parcels of real property in the unincorporated County of Los Angeles are subject to this service charge. The Fiscal Year 2004-2005 Tax Rate Areas for the affected parcels are listed in Attachment II.
